

Health Insurance for International Students

We are pleased to offer our students health insurance coverage through First Agency, Inc. Here you will find the insurance price and the Coverage date. If you are either an F-1 or J-1 student, you will automatically be enrolled in the Health Insurance Plan at the time you register for classes. The charge for this coverage will be added to your tuition bill.

Note: If you have already purchased a different insurance, please turn in your waiver within two weeks after the semester starts. Otherwise, you will still automatically be charged the insurance.

How much do they charge?

The price of insurance is based on your age. Please see the chart below. Note: The price below is **per month**. (Note: Extra \$10 charged as a fee.)

Insurance Plan Price 2017-2018				
	With Physicals and Immunization	Total for Fall 2017 (5 months)	Total for Spring 2018 (7 months)	Total for Year 2017-2108 (12 months)
Age 24 or under	\$104 / month	\$520	\$728	\$1,248
Age 25-29	\$117 / month	\$585	\$819	\$1,404
Age 30-40	\$217 / month	\$1,085	\$1,519	\$2,604
Age 41-65	\$459 / month	\$2,295	\$3,213	\$5,508
Dependent(Spouse)	\$656 / month	\$3,280	\$4,592	\$7,872
Dependent (Each Child)	\$524 / month	\$2,620	\$3,668	\$6,288

How long is my coverage?

You have three choices. Please see the chart below. Automatically, you will be in the term that you are studying. For example: If you are studying in Spring 2018, you will be in the term of Spring 2018.

Insurance Plan Term 2017-2018		
Term	Coverage Date	Length
Annual	8/1/2017 – 7/31/2018	12 months
Fall 2017	8/1/2017 – 12/31/2017	5 months
Spring 2018	1/1/2018 – 7/31/2018	7 months

How much is my insurance plan?

Once you know the price and term, you can simply do the multiplication.

For example: If you, age 24, would like to purchase the insurance for the Fall 2017 for your family (a spouse and a child), insurance for you is \$520 (\$104/month times 5 months), for your spouse is \$3,280 (\$656/month times 5 months), and for your child is \$2,620 (\$524/month times 5 months). Therefore, your total charge will be \$6420 for your whole family.
