Introduction

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and security and safety policies. In addition, as required by the Higher Education Opportunity Act, the University includes information about the University's fire prevention practices and systems, as well as fire-related statistics. The material that follows is designed to familiarize you with issues of safety and security at Lewis University.

Lewis University strives to provide a safe and secure environment for students, staff and visitors. As a microcosm of society, it is not immune to the problems that occur in most communities. The potential for criminal activity to occur at Lewis University or any regional campus is a reality that must be taken seriously. It is only possible to maintain safety and security when everyone: students, faculty, staff and visitors take an active part in the effort. All members of the University community are encouraged to take the time to read the Annual Security and Fire Safety Report, which can be accessed and printed from the University Police website: www.lewisu.edu/police

For further information on campus safety or to obtain a hard copy of this report, call: (815) 836-5222 or extension 5222.

University Police

A Message from the Chief

The Lewis University Police Department supports students in their academic and personal journeys through a model of community policing focused on student development. Our numerous educational programs, interactive activities and approach to behavioral interventions are meant to foster a relationship with the Flyer community built on trust and collaboration. Our team of public safety professionals has specialized training in numerous areas relevant to supporting a diverse campus of learners.

As a University alum, a Flyer dad and the Chief of Police, I am personally invested in our students' success. It is my expectation that our officers conduct themselves with the highest level of professionalism and humanity, while demonstrating their respect for the individual dignity of each of our community members. I encourage students, parents, faculty or staff to stop in with a question, compliment or complaint any time. The coffee maker's always on and the door's always open.

Mike Zegadlo (Class of 1996 & Class of 2002)
Chief of Police

The Lewis University Police Department

The Lewis University Police Department is comprised of both sworn, certified Police Officers and civilian Campus Safety Officers. The Lewis University Police Department is commissioned under the authority of the Private College Campus Police Act (110 ILCS 1020) which gives authority to a private university Board of Trustees to pass a resolution commissioning a police department. Lewis University Police Officers are armed and possess law enforcement authority including powers of arrest. Typically, at least one sworn Police Officer is on duty at all times. Police Officers are supported by civilian Campus Safety Officers. These officers provide a 24-hour presence on campus.

The Lewis University authority to enforce Village of Romeoville University policies as University Student also have the and University traffic are either processed Court or paid directly electronic citation system.

Police Department has the Illinois State statutes and ordinances in addition to outlined in the Lewis Handbook. University police authority to issue State, Village and parking citations, which through the Will County Circuit through the University's

University Police may ask persons for identification at any time to determine whether individuals have a lawful purpose to be on the campus.

As the University is private property,

Criminal incidents may be reported to and investigated by University Police or in collaboration with local law enforcement. The Lewis University Police Department maintains a law enforcement agency agreement with the Village of Romeoville which establishes a formal partnership between the Romeoville Police Department and the Lewis University Police Department to provide mutual assistance as needed. The University Police Department also has agreements with the Illinois State Police to provide resources. All crime victims and witnesses are strongly encouraged to immediately report crime to the University Police Department. If a crime occurs at a regional campus, the local police department where the campus is located should be notified. Prompt reporting will assure timely warning notices on campus and timely disclosure of crime statistics.

Jurisdiction

The Lewis University Police Department has law enforcement jurisdiction on university property and areas contiguous to campus. The Romeoville Police Department and Will County Sheriff's Police have primary jurisdiction in areas off campus, but Lewis University Police Officers may respond to University-related incidents that occur in close proximity to campus. If the local municipal police are contacted about criminal activity occurring off campus involving Lewis students, local police may notify Lewis University Police. However, there is no official policy requiring such notification. Students in these cases may be subject to arrest by the local jurisdiction in addition to being referred to the University's student conduct process. When a Lewis University student is involved in an off-campus offense, University Police Officers may assist with the investigation in cooperation with local, state, or federal law enforcement. Romeoville Police Department may jointly investigate serious on-campus incidents with

Lewis University Police. As appropriate, University Police may assist Romeoville Police as requested by the Romeoville Police Department.

Mutual Aid

The Lewis University Police Department is party to certain mutual aid agreements. These consist of a Law Enforcement Agency Agreement with the Romeoville Police Department, the Illinois Law Enforcement Alarm System (ILEAS) Mutual Aid Agreement and a LEADS (Law Enforcement Agencies Data System) Message Service Agreement with the Illinois State Police. The Law Enforcement Agency Agreement with the Romeoville Police Department primarily deals with jurisdictional boundaries and procedures related to mutual aid and collaboration. The University Police Department

membership in ILEAS provides for reciprocal service to protect the communities of Illinois in the event of a critical incident. The LEADS Message Service Agreement with the Illinois State Police permits Illinois State Police to provide LEADS (Law Enforcement Agencies Data System) messaging service and record entry and removal on behalf of Lewis University Police.

Data Collection / Publication

As required by the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act, crime, arrest and student conduct referral data is requested from various sources including local law enforcement agencies with jurisdiction over Lewis University regional campus sites. As data is available from these sources, it is recorded in this report as well as uploaded to the U.S. Department of Education website (<https://ope.ed.gov/campussafety/#/>). University community members are annually notified via a campus-wide email of the availability of the report which is posted at:

<http://www.lewisu.edu/studentservices/security/campuscrime.htm>. Lewis community members and prospective students / employees may request paper copies of this report by contacting University Police at (815) 836-5222 or extension 5222.

Crime and Emergency Reporting and Response

The University Police Department is the central reporting agency for all crimes occurring on campus. Investigations will be conducted by University Police in cooperation with other University officials and, as necessary, other local authorities.

For emergency situations University Police may be contacted through the University phone system at extension 5911 or by dialing (815) 836-5911. For non-emergency assistance, dial extension 5222 or (815) 836-5222. The LUPD Communications Center is staffed 24/7 by campus safety officers serving as dispatchers. Dispatchers can immediately contact police personnel, Residence Life staff and /or local police, fire, or emergency medical services if necessary. Dialing "911" from a campus phone or from a cell phone while on campus will connect the caller with a local public safety answering point, but will not connect to the Lewis University Police Department.

When violent crimes are reported to the University Police Department, the following victim support services may be involved:

- Dean of Students - ext. 5275
- Director of Residence Life and Student Conduct – ext. 5581
- Director of Wellness – ext. 5455
- University Ministry - ext. 5617

Local outside agencies may be involved depending on the nature of the crime, including:

- Romeoville Police Department - (815) 886-7219
- Romeoville Fire Department - (815) 886-7227
- Lockport Township Fire Protection District - (815) 838-3287
- Will County Sheriff's Department - (815) 727-8570
- Illinois State Police (District 5) - (815) 726-6291
- Will County States Attorney's Office (815) 727-8453
- Guardian Angel Community Services (domestic violence) (815) 729-0930
- Illinois Department of Children and Family Services (800) 252-2873

In response to a call regarding a reported crime, University Police personnel are dispatched to make contact with the reporting party and initiate an investigation which may include filing a police report. University Police can assist community members in notifying the appropriate local law enforcement agency when the reported crime occurred outside of University Police jurisdiction. In response to emergency calls for service, University Police will be dispatched to the scene and may summon additional outside resources as needed.

University Police incident reports involving alleged violations of student conduct policies are forwarded to the Director of Student Conduct for review. Regardless of action taken by Student Conduct, a criminal investigation may proceed independently. If assistance is required from other agencies with jurisdictional authority, University Police will contact the appropriate agency.

Campus Security Authorities

Campus Security Authorities (CSAs) are federally mandated crime reporters. The intent of including non-law enforcement personnel in the role of CSA is to acknowledge that some community members and students in particular may be hesitant about reporting crimes to the police, but may be more inclined to report incidents to other campus-affiliated individuals. To further encourage the timely reporting of incidents affecting the campus community, the Clery Act identifies four categories of CSAs:

- University Police;
- non-police security staff responsible for monitoring University property;
- people / offices designated under Lewis University policy as those to whom/which crimes should be reported;
- and “officials with significant responsibility for student and campus activities.”

CSA Crime Reporting

CSAs are encouraged to report to University Police, on a timely basis, all crimes reported to them. Under the Clery Act, however, CSAs are only obligated to report Clery Act qualifying crimes which occurred on campus, in public areas bordering campus and in certain non-campus buildings owned or controlled by the University. CSAs should only report those crimes that have not been previously reported to University Police or another University CSA. A pastoral or professional counselor, who is functioning within that scope at the time a crime is reported, is not considered a CSA and not required to report crimes but is encouraged to review crime reporting options with reporting parties.

When a crime is reported to a CSA, the CSA should first ask the reporting party if they would like to report the incident directly to University Police. If so, the CSA should contact University Police. If the reporting party does not want University Police contacted, for Clery Act qualifying crimes, the CSA must complete and submit a [Campus Security Authority Crime Report Form](#) which is available at the [University Police website](#): www.lewisu.edu/police. The Report Form can be submitted online, faxed or mailed (Lewis University Police, One University Parkway, Romeoville IL 60446) Note, if the reported crime or incident involves an emergency, the CSA should immediately contact police. For additional information on the Clery Act or CSA crime reporting responsibilities, visit <http://clerycenter.org/>

CSAs have an important role in complying with the Clery Act, which was enacted to help create a safer University community. Timely reporting of crimes by CSAs allows the University the opportunity to

review whether or not a “Timely Warning” should be issued to the community. Additionally, CSA reports help maintain accurate crime data. With timely and accurate crime reporting, the University can maintain accurate records of incidents and determine if there is a pattern of crime with regard to a particular location, method, or offender and, as appropriate, alert the community to potential danger. Anonymous reports received by University Police may be investigated under certain circumstances.

Timely Warnings

Timely warnings, will be disseminated by Lewis University utilizing method(s) likely to reach members of the affected campus community when the reported incident is a Clery Act crime that:

1. Is reported to a Campus Security Authority or University Police in a timely manner;
2. Occurs in a Clery Act defined location and;
3. Is determined, in the judgment of the Lewis University Police Department (LUPD), Dean of Student Life, or designee, to represent a serious or continuing threat to University community members.

Issued timely warnings will not include the names and other identifying information of victims.

The Clery Act does not require universities to issue timely warnings on Clery Act crimes occurring outside of the geographical areas as defined by the Clery Act, or on non-qualifying Clery Act crimes. However, designated University officials may, at their discretion, choose to provide timely warnings on crimes outside of Clery Act timely warning qualifying parameters. In short, the University will inform community members of any incident, emergency or dangerous situation when it represents a serious, immediate or continuing threat to the health or safety of University community members.

Timely Warnings are typically distributed for the following crimes:

- Murder/Non-negligent Manslaughter
- Negligent Manslaughter
- Rape (criminal sexual assault)
- Fondling (criminal sexual abuse)
- Robbery
- Burglary (not including burglary to a motor vehicle)
- Aggravated Battery
- Motor Vehicle Theft
- Arson

Each criminal incident is considered individually. Factors in considering an incident for timely notification include: reviewing the facts surrounding a reported crime, the nature of the crime, the crime occurrence location, the serious or continuing threat to the campus community, and the possible risk of compromising law enforcement efforts.

LUPD may not issue a Timely Warning for Clery Act crimes if:

1. LUPD, or another law enforcement agency, apprehends the suspect(s) and the serious or continuing threat to members of the Lewis University community has been mitigated by the apprehension or;
2. A report was not filed with LUPD or if LUPD was not notified of the crime in a manner that would allow LUPD to post a “timely” notice for the University community.

Emergency Notification

An emergency notification is an announcement to inform the University community about a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.

An emergency notification expands upon the definition of “timely warning,” as it includes both Clery Act crimes and other types of emergencies (examples: a fire, infectious disease outbreak, active shooter, terrorist attack, natural disaster, weather emergency). For additional information on community emergency notification, see the “Emergency Preparedness” section in this report.

Emergency Notification and Timely Warnings Review Process

The Chief of Police may, as time permits, consult with the Dean of Students or Provost (or designee) to determine whether a notification for a reported crime shall be issued to the affected University community. All University Police incident reports are reviewed to assess whether incidents reported to University Police represent a serious or continuing threat to University community members.

The Chief of Police (or designee) may recommend the content of notifications in consultation with the Provost, Dean of Students or / and the Executive Director of Media Relations. However, in the event of a critical, rapidly developing incident, the Police Officer in charge has the authority to activate the campus emergency notification system. The Executive Director of Media Relations (or designee) is responsible for maintaining scripted messages within the system for immediate activation by police telecommunicators. Select University administrators also have the authority to initiate the emergency notification system.

Lewis University utilizes a service called “RAVE” to send message(s) very quickly to the entire campus community via phone call, email, and text message. Additionally, social media platforms such as Facebook, Instagram, X and the University website may be utilized to disseminate information.

The University may provide follow-up information to the community as determined to be necessary / appropriate. Members of the larger community who are not affiliated with Lewis University, but need additional information, may visit the University website for updated emergency information.

If the emergency notification systems fail, the Campus Emergency Planning Team will initiate emergency actions and communicate life safety guidance in conjunction with activation of the campus emergency operations plan.

Notifications will generally include a succinct statement describing the incident, the location and time it occurred, suspect's location (known or unknown), suspect's description, method of operation and / or possible connection to previous incidents, injuries sustained by the victim(s), if relevant, and personal safety information to aid members of the University community in protecting themselves from becoming victims of a similar crime and to promote overall safety.

Missing Student Notification Policy and Procedures

Federal law (20 USC 1092 (j) Section 488 of the Higher Education Opportunity Act of 2008) requires that the University establish a policy on reporting a student missing from on-campus student housing, advising how students can designate a missing person contact person, and how the missing person contact information will be used.

If any person believes or receives notice that a Lewis University (student) is missing, he or she must immediately notify University Police at (815) 836-5911. University Police will generate a missing person report and initiate an investigation, and if the person is determined to be missing, will initiate notifications required by federal and state laws.

Students have the option to identify a missing person contact to be notified by Lewis University in the event the student is determined to be missing. If a student has identified such an individual, Lewis University will notify that individual no later than 24 hours after the student is determined to be missing.

The Lewis University Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Lewis University Police Department gives missing person cases priority over property-related cases and does not require a specific amount of time to have passed before beginning a missing person investigation.

University Police will accept any report, including a telephone report, of a missing student. If University Police determine that a student for whom a missing person report has been filed has been missing for 24 hours, then, no later than 24 hours after the student has been determined to be missing, University Police will:

1. Notify the individual(s) identified by the student to be contacted in such circumstances.
2. Notify a parent or guardian if the student is less than 18 years old and not emancipated.
3. Notify appropriate law enforcement agencies in compliance with all statutory requirements.
4. Notify the Dean of Students, Director of Residence Life or Provost.

The student provided missing person contact information will be registered confidentially and will be accessible only to authorized campus officials and may not be disclosed, except to law enforcement

personnel in furtherance of a missing person investigation. In the event of a missing student determination, University Police will investigate and follow procedural protocols outlined in the University Police Missing Persons Policy (Policy #415, Lewis University Police Department Policy Manual). The University is responsible for maintaining missing student contact notice documentation in accordance with record retention requirements outlined in the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC 1092(f)).

Regardless of whether the student has named a confidential missing student contact person under this Policy, University Police will notify any appropriate law enforcement agencies in compliance with all statutory requirements no later than 24 hours after the time the individual is determined missing. Lewis University may issue community notice(s), including photograph(s) of the student, to assist in locating a missing student.

Emergency Preparedness

Emergencies can occur at any time without warning. Being prepared to handle emergencies, disasters, accidents, and injuries is essential. This is an individual as well as an organizational responsibility.

All members of the University community should become familiar with emergency preparedness procedures and plans by reviewing detailed information posted on the University's Emergency Planning webpage: www.lewisu.edu/emergencyplanning.

The more prepared you are, the better you will be able to respond in an emergency. Any questions you may have should be directed to University Police at extension 5222 or 815-836-5222.

Community Notification

Lewis has several methods of emergency communication. These systems include an emergency notification system (RAVE) that utilizes phone calls, text messaging and emails. Social media and the University website may also be used for communications. Other methods of disseminating information include but are not limited to: posting fliers in public places, faxes and notifying local media.

Emergency Communication Capabilities

The emergency notification system, "RAVE," is an automated service which makes phone calls, sends (SMS) text messages and transmits emails rapidly when activated to alert community members. Because Lewis University might need to contact you before you arrive on campus in an urgent emergency situation, it is important that all possible means of contacting you at home and at work are current in the campus database. For instructions on how University community members can enter or update their emergency contact information, contact the Service Desk at (815) 836-5950 or visit:

<http://www.lewisu.edu/welcome/offices/hr/emergency.htm>

Guests to campus who wish to be enrolled in RAVE so they may receive emergency notifications can enroll by texting lewisu411 to 226787 from a mobile phone.

University Police Role

The University Police Department is integral in providing critical information in an accurate and timely manner that can be used by senior University administrators to assess the need to authorize and issue emergency communications to the University community. On receiving notification of an incident, Lewis University Police Department leadership will alert University officials of the situation as appropriate. University Police personnel have the authority and capability to activate emergency notification systems in critical incidents when consultation with University administrators is not possible.

Authorization to Direct System Activation

The following individuals or their designees are authorized to direct the activation of the emergency notification system: President, Provost, Chief of Police, or Executive Director of Media Relations. In critical incidents, when time constraints require prompt action, the Police Officer in charge of an incident may direct the emergency communications system to be activated.

If the emergency notification systems fail, the Campus Emergency Planning Team or Campus Incident Management Team will initiate emergency actions and communicate life safety guidance in conjunction with activation of the emergency operations plan.

Evacuation

Campus buildings have a notification system for emergency evacuation. In most buildings this is a fire alarm system. Whenever the alarm system sounds and/or voice command for evacuation is transmitted, all building occupants must evacuate the building or move to a safe location.

Emergency Response and Evacuation Testing

The RAVE system is tested regularly. The University Police Department will conduct evacuation drills of all residence halls at least once each academic year. Emergency response and evacuation testing may be announced or unannounced. For each test, the University documents a description of the exercise including the date and time of the drill. Evacuation test documentation is maintained by the University Police Department and is conducted in collaboration with the Romeoville Fire Department.

As a living document, the Lewis University Campus Emergency Operations Plan (CEOP) is drilled via completion of exercises annually and revised each year to increase operational efficiency and maintain the highest level of preparedness, response and recovery capabilities. Federal and State legislation require colleges and universities to annually update, exercise, and notify the campus community as well as state authorities.

Crime Prevention and Public Safety

Public Incident Log

The University Public Incident Log is available on the web at:

<http://www.lewisu.edu/student-services/security/crimelog.htm>. The Public Incident Log is posted each month. For more recent incidents not yet posted, community members may inquire at the University Police Department. The Public Incident Log contains reported criminal and non-criminal incidents. The Public Incident Log typically includes the nature, date, time, general location, brief synopsis and disposition of each incident. The University will not disclose personally identifying information of victims in any public statement or report.

Crime Prevention and Safety

As a microcosm of society, Lewis University is not immune to the problems that occur in most communities. The potential for criminal activity to occur on campus or any regional site is a reality that must be taken seriously. It is only possible to maintain safety and security when everyone: students, faculty, staff and visitors take an active part in the effort. Situational awareness is the first step in self-protection. Simple, common sense, proactive measures are the most effective means of maintaining property security and personal safety. Students and employees who practice crime prevention can make the community a safer place to learn and work. The common tenets of crime prevention are straight forward: remain alert and attentive to potential dangers; don't put yourself or your property at risk; and immediately report suspicious activity to the police. A safe and secure campus is everyone's responsibility. Community members are encouraged to visit the University Police website to access a variety of information on safety, security and crime prevention www.lewisu.edu/police.

For copies of printed materials or to schedule a safety or crime prevention program, contact University Police. Community education programming requests can be submitted electronically via the police department website at: <http://www.lewisu.edu/student-services/security/programrequest/index.htm>. In addition to the Violence Against Women Act content provided in this report, information about preventing and responding to sexual misconduct and gender-based violence is available through the LU Cares page at: www.lewisu.edu/lucares.

Theft

Theft is the most common crime on campus. Mitigating crime is accomplished by removing one of three necessary ingredients for a crime to occur: opportunity, desire or ability. Since stopping a thief's desire to steal or taking away his physical ability to steal is virtually impossible, we must focus on removing opportunity. The techniques described below are designed to reduce the opportunity for theft and increase risk for a would-be thief.

- Lock your office, vehicle or residence hall room.

- Secure all valuables out of sight.
- Practice situational awareness - watch for and immediately report suspicious activity and behavior.
- Ask unescorted visitors entering your office or residence hall to identify themselves and explain the purpose for their visit. This can be done in a friendly way by asking, "Hi, can I help you find someone?"
- Request identification from persons who wish to repair or remove property.
- Report criminal incidents on a timely basis to University Police.

Emergency Phones and Call Boxes

Community members should familiarize themselves with the campus emergency phones and call boxes. They are housed in bright yellow, black or brown boxes or brown towers with a blue light overhead. Campus maps which indicate the locations of emergency phones are available on- line at: <http://www.lewisu.edu/campuses/romeoville/maincampusmap.htm>.

Campus Facilities and Building Security

Access to and Security of University Residence Halls

Resident students are responsible for making their visitors and guests aware of University policies. Residents may be held responsible for the conduct of their visitors and guests. Access to residence halls is limited to residents and their invited guests through designated entrances. All campus residence halls remain locked at all times. Dual purpose buildings with both residential and office or classroom space are segmented and secured with residential areas remaining locked. All residential facilities are networked into the University's electronic access control system. Resident students are issued key cards to access residential buildings.

Other Facilities

Many athletic and cultural events on campus are open to the public. The University bookstore, library, academic, administrative and dining facilities are also open to the public during regular business hours. Academic buildings are usually open from 7:00 a.m. until 10:00 pm on weekdays and as needed on weekends.

Security Considerations in the Maintenance of Campus Facilities

Lewis University is committed to campus safety and security. Exterior lighting and landscape control is a critical part of that commitment. The Facilities Department maintains the University buildings and grounds, including lighting, sidewalks, roadways, and landscaping. The Facilities Department conducts routine checks of lighting on campus. University Police regularly patrol

campus and report malfunctioning lighting and unsafe physical conditions to the Facilities Department for correction. Community members are encouraged to report any deficiency in lighting or other unsafe facility conditions to the Facilities Department at (815) 836-5404.

Reporting Safety Hazards

To report any safety or security hazard you may encounter, contact the Facilities Department at (815) 836-5404, or University Police at (815) 836-5222. Residence Life can also be contacted for non-emergency safety or security hazard concerns in the residence halls at (815) 836-5581. For safety or security hazard concerns in the residence halls after hours, contact your Resident Assistant or Residence Life Coordinator.

Video Surveillance and Recording

The Lewis University Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations on campus to detect and deter crime, to help safeguard against potential threats to the community, to help manage emergency response situations during natural and man-made disasters and to assist University officials in providing services to the community.

The Lewis University Police Department has the operational authority to select, coordinate, operate, manage, and monitor the public safety video surveillance system.

Only department-approved video surveillance equipment shall be utilized. The installation of "dummy" cameras is prohibited.

Only public areas where no reasonable expectation of privacy exists will be monitored.

Images from each camera are recorded in a manner consistent with the underlying purpose of the particular camera. Cameras are not normally monitored in real time and only record video images and not sound.

Unauthorized recording, viewing, reproduction, dissemination or retention is prohibited.

Fire Safety

Overview

The Higher Education Opportunity Act (Public Law 110-315) requires all United States academic institutions to produce an annual fire safety report outlining fire safety practices, standards, and all fire-related on-campus statistics for residential facilities. The following public disclosure details all information required by this law as it relates to Lewis University.

Student Housing

All resident students and Residence Life staff receive fire safety training each academic year. Each student is given access to the Student Handbook and the University Emergency Planning webpage, which include information on fire safety and appropriate action to take during a fire alarm or fire emergency. Emergency evacuation maps are installed in residential buildings to direct occupants to primary and secondary exits. Residential fire drills are conducted annually.

Fire Alarm and Protection Systems

General Description: Fire alarm systems consist of manual and programmable pull stations, visual/audible alarm devices, addressable smoke detector/sound bases and smoke/heat detectors in individual sleeping rooms, corridors, common area and mechanical spaces.

Fire Alarm Testing and Inspection: Pull station, horns, strobes, bells, smoke/heat detectors, batteries and fire alarm panels are inspected semiannually and annually. Smoke detectors are cleaned, inspected and tested annually. All inspections and testing are performed by a certified fire alarm company in accordance with National Fire Alarm Code NFPA 72.

Automatic Sprinkler System and Fire Pump: Automatic sprinklers are tied into the fire alarm system. The sprinkler systems and fire pumps are inspected and tested semiannually by a certified inspection company in accordance with NFPA 13A.

No torchiere halogen lamps are permitted as they present a fire hazard. Additionally, no space heaters are permitted unless issued to students by the Residence Life or Facilities staff.

In Case of a Fire on Campus

In the event of a fire, smoke or an explosion, stay calm and activate the nearest fire alarm pull station.

Call police at extension 5911, (815) 836-5911 or 911.

Follow posted room/building evacuation routes and account for all occupants of the room. Do not use elevators.

If trapped in a room, close as many doors as possible between you and the fire. Place cloth material around and under the door to stop smoke from coming in. Signal from windows and call to advise police of your location.

Provide assistance to individuals with disabilities in relocating to specified refuge areas and notify police of these individuals and their location.

If you must pass through smoky area, stay low and breathe shallowly using cloth or fabric as a filter.

Before opening any door, check first to see if it is hot to the touch. If the door feels hot, do not open it!

Never re-enter the building once you have evacuated it unless instructed to do so by emergency personnel.

Whenever a fire alarm is sounded, all persons must evacuate the building in a safe and orderly manner through the nearest fire exit to an open area away from the building. The Residence Life staff in conjunction with University Police will oversee the evacuation of the residence hall areas. Obstructing and/or disregarding the instructions of firefighting personnel, police or Residence Life staff will result in disciplinary action and possibly arrest.

Fire Department personnel, along with Lewis University Police personnel, will determine when it is safe to re-enter the building. If a false alarm is witnessed, this violation should be reported to the police immediately.

Lewis University is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. Listed below is a summary of all fire alarm activations and fire investigations reported by the Lewis University Police Department in 2023.

Student Conduct

Students arrive on campus with varying backgrounds and experiences. During their years at Lewis, students develop lasting relationships as they face the academic and social challenges of life. Personal growth and development, a sense of personal responsibility, respect for the individual and the rights of others, and an appreciation for Catholic and Lasallian values are all essential for a student's successful advancement toward his or her educational goals at Lewis University.

As a faith-based university, Lewis is a community of many persons whose cooperation and mutual relationships contribute to the educational process. All members of a community share rights and duties, each according to his or her own role. Rights are balanced by responsibilities. The University has established certain conditions which it has determined are essential for the achievement of its educational mission. The University reserves the right to sanction inappropriate behavior on the part of any student whose conduct is detrimental to this mission. Conduct incompatible with the University community, which is therefore disruptive of our educational environment, shall be subject to conduct action and/or action taken by the local authorities. The University has established policies for behavior which ensure that a healthy environment for living and learning exists. Students are responsible for the policies defined in the Student Handbook as well as all behavioral standards in other documents governing student life.

Irresponsible, disrespectful, unsafe and destructive behavior has a ripple effect within the University community and, therefore, it is essential that each individual's rights and privileges are protected.

Violating University Behavioral Standards disrupts the University. Sanctions in response to violations of the codes are outlined in the Student Handbook and depend on both the kind of behavior and the severity of the breach in policy. All persons in the presence of any violation of the behavioral code will be documented and are subject to disciplinary action. New policies may be defined by the Office of the Dean of Students as necessary.

Off-Campus Behavioral Standards

Students must comply with all applicable local, state, or federal criminal laws, whether on- or off-campus. Violation of any such law may lead to sanctions imposed by the University, regardless of whether the conduct constitutes a violation of the Student Community Standards. In determining whether to impose sanctions in response to a student's violation of local, state, or federal law, the University shall consider whether the student's conduct is in violation of the University's Behavioral Standards or whether the student's continued presence on campus poses a serious threat to themselves, other people or property. In any case in which the University learns of off-campus violations by a student, referral of that student may be made to the Conduct process and/or administrative action may be taken.

Sexual Misconduct, Stalking, Dating Violence and Domestic Violence

Education and Prevention Programs in Compliance with Clery Act

The University has developed an educational campaign consisting of presentations that include distribution of educational materials to new students; participating in and presenting information and materials during new employee orientation; and educational activities, programming and training on an ongoing basis to all employees and students.

The Office of Student Life is the primary provider of gender-based violence education and prevention on campus. Examples of programs include:

- Annual training to Peer Ministers, Resident Assistants, and New Flyer Guides regarding victim support and reporting.
- Annual “bystander intervention” training provided to each inter-collegiate athletic team, and to all incoming first-year students during their Cornerstone Seminar
- Presentation to incoming undergraduate students during Orientation & Welcome Week.
- Required on-line training module for new students.

Lewis University does not tolerate sexual misconduct of any type. Our Catholic, Lasallian tradition sees each and every human as created in the image of God, full of dignity and worth. Members of the community, guests and visitors have the right to be free from sexual violence, harassment and discrimination. All members of the community are expected to conduct themselves in a manner that respects the rights of others to control their sexual behavior and bodily integrity. All members of the community have the right to decline to engage in any sexual activity without fear of retaliation or adverse actions from the person seeking to engage in that activity. The University Sexual Misconduct Policy has been developed to reaffirm this expectation and to provide recourse for those individuals whose rights have been violated. The University enforces this policy regardless of the sexual orientation or gender identity of individuals engaging in sexual activity. The University takes seriously any incidents of sexual misconduct that come to its attention, whether by formal complaint or other means. Resolution by the University is intended to bring an end to harassing or discriminatory conduct, prevent its recurrence and remedy the effects on the victim and the community.

Some violations of this policy may also violate the criminal laws of the State of Illinois. Victims of sexual misconduct that also experience violations of criminal law may, at their option, proceed with a complaint to law enforcement authorities as well as to the University under this policy. In applying this policy, the sex, gender identification, and sexual orientation of the parties to the incidents is irrelevant to whether a violation has occurred. Voluntary use of alcohol or other judgment impairing substances by a person whose conduct otherwise violates this policy will rarely, if ever, excuse the behavior.

Sexual misconduct prohibited by this policy includes but is not limited to sexual harassment, non-consensual sexual intercourse, non-consensual sexual contact, sexual exploitation, dating violence, domestic violence, and possession, distribution or administration of “date rape” drugs.

Sexual Harassment

For purposes of this policy sexual harassment means conduct on the basis of sex that satisfies one or more of the following criteria:

- 1) An employee of the University conditioning the provision of an aid, benefit or service on an individual's participation in unwelcome sexual conduct;
- 2) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the University's education program or activities; or
- 3) Sexual assault, dating violence, domestic violence or stalking as those terms are defined in federal law.

Sexual harassment is not always sexually explicit and can involve differential treatment of persons of one sex that has the purpose and effect of creating a hostile environment. It may also include acts taken in retaliation for a person's refusal to engage in sexual activity.

Sexual Assault Includes:

- i. Non-Consensual Sexual Intercourse:
 - Any sexual intercourse (anal, oral, or vaginal),
 - However, slight
 - Whether with an object or body part,
 - By any person upon any person,
 - Without effective consent
- ii. Non-Consensual Sexual Contact:
 - Any intentional sexual touching,
 - However slight,
 - With any object or body part,
 - By any person upon any person,
 - Without effective consent

Dating and Domestic Violence

Dating violence is violence, including sexual or physical abuse, or threat of the same, committed by a person who is currently, or has been previously, involved in a social relationship of a romantic or intimate nature with the alleged victim. Domestic violence is violence, including sexual or physical abuse, or threat of the same, committed by a person who is currently, or has been previously, the alleged victim's spouse, cohabitant, or other person protected by family or domestic law (ex. someone who shares a child with the alleged victim).

Stalking includes any pattern or conduct such as pursuit, following, harassment, repetitive communications that are intended to or have the effect of causing another community member to have a reasonable fear of death or serious bodily injury to themselves, a family member or pet/service animal or which otherwise would be reasonably expected to cause the other community member substantial emotional distress.

When a grievance involves conduct which may be sexual harassment as defined above and conduct which would violate other applicable codes of conduct, rules or policies, even if it did not meet the definition of sexual harassment, the grievance will be processed under the procedure provided in this policy unless and until the allegations of sexual harassment are withdrawn or dismissed. If such a withdrawal or dismissal occurs prior to a hearing on the sexual harassment grievance, then the matter will be processed under the provision of the conduct code, rule or policy otherwise applicable.

Sexual Exploitation

Occurs when a student takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of other sexual misconduct offenses. Examples of sexual exploitation include, but are not limited to:

- Invasion of sexual privacy
- prostituting another student;
- non-consensual video or audio-taping of sexual activity;
- going beyond the boundaries of consent (ex. permitting or participating in voyeurism or secretly watching others who are engaged in consensual behavior)
- knowingly transmitting a sexually transmitted disease to another student.
- Exposing one's genitals in non-consensual circumstances; inducing another to expose their genitals;
- Sexually-based stalking and/or bullying may also be forms of sexual exploitation

Other Gender-Based Misconduct

Threatening or causing physical harm, extreme verbal abuse, or other conduct which threatens or endangers the health or safety of any person;

Discrimination, defined as actions that deprive other members of the community of educational or employment access, benefits or opportunities on the basis of gender;

Intimidation, defined as implied threats or acts that cause an unreasonable fear of harm in another;

Bullying, defined as repeated and/or severe aggressive behavior likely to intimidate or intentionally hurt, control or diminish another person, physically or mentally.

Rape Drugs

Possession, use and/or distribution or non-consensual administration to another of any so-called rape or date rape substances, including Rohypnol, Ketomine, GHB, Burundanga, etc. is prohibited and a violation of this policy.

Violations of Other Conduct Policies that Involve Sexual Misconduct

Violations of other University policies, such as those relating to domestic violence, stalking, bullying or other misconduct which also involve conduct prohibited by this policy may be addressed by the University as violations of all implicated policies.

Key Terms

Effective Consent

To be effective, consent must be clear, knowing and voluntary. Consent should normally be affirmatively expressed rather than inferred from silence, acquiescence or lack of objection by the recipient of sexual touching, intercourse or other conduct.

Effective consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in (and the conditions of) sexual activity.

Consent to any one form of sexual activity does not by itself imply consent to any other forms of sexual activity.

Previous relationships or consent given on prior occasions does not imply consent to sexual acts with other persons or at other times.

A person's manner of dress does not constitute consent.

Consent from a person who is not of legal age is not effective consent.

Consent from a person who is known to be or should be recognized as incapacitated, whether by drugs, alcohol, disability or other factor is not effective consent.

Effective consent cannot be given by someone who is asleep, unconscious or only semi-conscious.

Consent, even if freely given, can be withdrawn at any time by words or acts that convey that consent no longer exists. Continuation of sexual touching or intercourse after consent is withdrawn is a violation of this policy.

Consent obtained by force or coercion is not effective consent.

Force

Force is the use or threat of physical violence, restraint and/or imposing on someone physically to gain sexual access to that person or another. Such as using superior size or strength to limit another's ability to remove him/herself from a sexual situation or to believe that leaving would be unsafe.

Coercion

Coercion is unreasonable pressure for sexual activity. When someone makes clear to you that they do not want sex, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive, particularly if the pressure suggests negative consequences or appeals to the social or other fears of the person refusing consent.

Incapacitation

Incapacitation or incapacity means that a person is in a state where he/she cannot make rational and reasonable decisions or to understand the circumstances of the sexual activity sufficiently to provide effective consent. Incapacity can be the result of drug or alcohol use, lack of consciousness/sleep, mental disability or physical restraint.

Sexual Touching

Sexual touching means intentional contact with the breasts, buttock, groin, or genitals, or touching another with any of these body parts, or making another touch you or themselves with or on any of these body parts; or any intentional bodily contact in a sexual manner, though not involving contact with/of/by breasts, buttocks, groin, genitals, mouth or other orifice.

Sexual Intercourse

Sexual Intercourse means vaginal penetration by a penis, object, tongue or finger, anal penetration by a penis, object, tongue, or finger, and oral copulation (mouth to genital contact or genital to mouth contact).

When the University has reason to believe that a violation of the sexual misconduct policy has occurred, the University will take immediate and appropriate action through the Conduct Process. The University's Conduct Process is not dependent upon the outcome of external criminal or civil procedures, and usually is not stayed by them. The University will take action over offenses by students that occur on University property or at University-sponsored events. The University will also take action over alleged violations between students that occur off campus when that off-campus conduct detrimentally affects the university community.

Special consideration for matters involving Sexual Assault

If you believe you have been the victim of a sexual assault, nonconsensual intercourse or touching, or any violation of this policy involving physical violence or the threat thereof, there are additional factors to consider. First, get to a safe place, and report the matter to Lewis University Police or municipal police if the event occurs off campus. Your safety is paramount. Reporting sexual assault promptly will help University Police to conduct an immediate and complete investigation in a timely manner and to preserve evidence at the scene of the alleged offense, for the integrity of the investigation. Any pieces of clothing, beverages, weapons, etc. should not be touched until the Police officials are on scene. Immediately after an assault, the victim should avoid bathing, washing, or going to the bathroom, if possible, until you have talked with law enforcement personnel about evidence gathering. Ultimately, it will be your decision whether you wish to proceed with a criminal complaint, a complaint within the University Conduct Process, both or neither. However, your ability to make the decision that is right for you will be enhanced if the evidence is preserved and you promptly get the assistance you need, either from University or off-campus resources.

Victims may have a medical forensic examination completed at no cost in accordance with the Sexual Assault Survivors Emergency Treatment Act. The following are hospitals in close proximity to Lewis University:

Understanding Privacy and Confidentiality

A common concern when reporting sexual misconduct is the sensitive nature of the matter and what, if any, information will be shared with other people. It is important to know the level of privacy that students can expect from different on-campus and off-campus resources. Essentially there are four levels of privacy that can pertain to internal communications made to the University, depending on who you talk to and the circumstances of the conversation: Privileged; Confidential; Need to Know and Anonymous.

Privileged Communication

Privileged Communications are those you would make to a doctor, therapist or counselor for purposes of seeking therapeutic treatment, to a clergy member for purposes of confession, or to an attorney from whom you are seeking legal advice.

These conversations are highly privileged by law and normally cannot be revealed without your consent. In the case of medical providers information may be revealed without your consent only when there is a high risk of harm to you or others and only as needed to avoid the harm, or if there is abuse of a minor child involved.

Confidential Communication

Confidential communications are those you might make to staff members working under the guidance of a mental health care professional in the Student Wellness Center. Disclosure of a personally identifiable aspect of a communication with a Confidential resource can usually only be shared with others if you give your affirmative permission. As a result, when you report or discuss an instance of sexual misconduct with a Confidential Resource, that person does not report the matter to the Title IX Coordinator and none of the steps described in the process section of this policy will occur, absent a report to the Title IX Coordinator. A Confidential Resource is there to provide assistance and support that may include referrals to support agencies, help in understanding the internal and external resources and measures available to you, and help you understand and navigate the processes that may apply to your situation.

Confidential resources can be required to divulge information in the same circumstances as health care providers, and in addition may have to disclose personally identifiable information in response to a subpoena or other legal order from a court. It is important to note, confidential resources may have a duty to report information you disclose, but without identifying you personally, for purposes of fulfilling the University's commitment to honest reporting of crime statistics and proactively seeking ways to prevent sexual misconduct from occurring. In those instances, only limited information which is not identifiable to you will be released without your consent.

Anonymous Communications

Additionally, reports may be submitted electronically and anonymously online at www.lewisu.edu/lucare. An anonymous report can be helpful in the University's efforts to discern patterns and formulate preventative measures. However, depending on the circumstances and kind of information disclosed anonymously, it may not be possible to provide services to an undisclosed victim or conduct a meaningful investigation unless the person making the anonymous report comes forward.

Reports to Police Departments

Reports to the municipal police departments are outside the control and policies of the University. Most police departments have officers who are trained to handle reports of sexual crimes in a sensitive manner. However, their policies and obligations regarding further reporting of information to prosecutors or others in the criminal justice system may require disclosure of personally identifiable information. This is something you can discuss with an officer at the relevant police department if you chose to report a matter there.

PROCEDURE FOR REPORTING AND RESPONDING TO INSTANCES OF SEXUAL MISCONDUCT

A community member may report conduct which they believe to violate this policy to a University official with authority to institute corrective measures on behalf of the University. A report may be made by any community member, whether they are the target of the harassing behavior or not. The University officials with authority to institute corrective measures are: the Title IX coordinator and all deputy Title IX coordinators. Reports of sexual harassment, particularly relating to sexual assault, dating/domestic violence and stalking may also be made to the LUPD. Other employees of the University, with the exception of confidential resources are expected to forward any reports of sexual harassment they receive to the Title IX coordinator. As discussed below a report will not necessarily trigger an investigation in the absence of a formal complaint by the person who is the target of the harassment; however, under some circumstances the LUPD may have an obligation under Illinois law to investigate and take action even in the absence of a formal complaint by the alleged target of the conduct (for example if there are allegations of domestic violence). To report conduct believed to violate this policy, the person making the report may contact any of the above listed University officials in writing, by email, in person or by telephone. Reports may be filed anonymously, although doing so may affect the University's ability to fully respond to the situation.

Upon receipt of a report of sexual harassment, the Title IX coordinator shall be responsible to contact, directly or through a designee, the person reported to have been harassed to discuss: the need for supportive measures; determine the scope of any supportive measures; make clear that supportive measures are available whether or not the individual files a formal complaint of harassment and to explain the process for filing a formal complaint and the resolution process that will follow from a formal complaint.

The individual affected by the harassment has a choice as to whether to file a formal complaint of sexual harassment under this procedure. The affected individual may also file a complaint with law enforcement authorities if they so desire. The affected individual may file complaints under this process, with a law enforcement authority, with both or with neither based on what they believe is best for them in the given situation. The level of participation and information shared is determined by the alleged victim. Requests for anonymity and privacy, as well as the specificity of information provided, may limit the University's ability to full respond to the incident. Alleged victims may also request specific action or inaction regarding how the complaint is resolved. In most cases, the University will attempt to honor these wishes. However, there may be times when the University will pursue an investigation and resolution independently in order to ensure the safety of the community and maintain a non-discriminatory environment. In those cases, the alleged victim will be notified and their privacy will be protected to the extent possible.

The availability of supportive measures that do not involve unreasonable burdens on a potential respondent or other community members shall not be affected by whether the harassed individual chooses to file a complaint under this policy or with law enforcement authorities.

FILING A FORMAL COMPLAINT OF HARASSMENT

A formal complaint of harassment under this policy may be filed only by the person against whom the sexually harassing conduct was directed (the "complainant") or in some cases by the Title IX coordinator. A formal complaint is required before the University can move forward with an investigation of the conduct to determine if the person engaging in the conduct has violated this policy, and if so what the appropriate sanctions should be.

A formal complaint must be in writing, either in hard copy or electronic form, be signed either physically or electronically by the complainant or otherwise indicate that it is filed by the complainant. The formal complaint must describe the conduct believed to violate this policy in sufficient detail (including the identity of the persons who engaged in the conduct if known) to permit a reasonable investigation and request an investigation. The formal complaint must be sent to the Title IX Coordinator by email, physical mail or personal delivery.

Once a formal complaint is filed, the Title IX Coordinator shall be responsible to ensure that the procedures for investigation and resolution of the formal complaint are followed.

FORMAL COMPLAINT RESOLUTION PROCEDURE

The resolution of formal complaints is a multi-step process. It consists of a preliminary review of the formal complaint, an investigation of any formal complaint which is not dismissed upon the preliminary review, a live hearing to determine responsibility of any person(s) alleged to have violated the policy a ("respondent") decision as to appropriate sanctions and or remedies when a violation is found to have occurred and the potential for appeal for parties who believe the initial outcome is not sufficient. Each of these steps is described in more detail below. Throughout the process complainants and respondents shall be treated equally in terms of access to advisors, supportive measures, opportunities to present information relevant to the formal complaint, notices and appeals.

Disciplinary sanctions for sexual harassment as defined above may not be imposed upon a respondent unless the respondent admits responsibility for committing sexual harassment or is determined to have done so after an investigation and hearing as provided for below.

PRELIMINARY REVIEW/EMERGENCY REMOVAL/INFORMAL RESOLUTION

a) Receipt of formal complaint.

Upon receipt of a formal complaint, the Title IX Coordinator or their designate will conduct an initial review of the formal complaint. The purpose of the review is to determine whether the formal complaint requires a formal investigation and hearing; whether interim measures are required to minimize an immediate or direct threat to physical safety to community members and whether to invite the parties (“parties” as used herein means the complainant(s) and respondent(s) to a particular formal complaint) to informally resolve the issues without a formal investigation and hearing.

b) Determining whether investigation is required.

To determine if an investigation is required, the Title IX Coordinator will analyze whether the conduct as described in the formal complaint, assuming the description to be fully accurate, would constitute sexual harassment as defined above; whether the complained of conduct occurred in the context of the University’s educational programs and activities; and whether the conduct occurred against a person in the United States. If the formal complaint satisfies these requirements, then it will proceed to a prompt investigation or informal resolution. If the conduct described in the formal complaint does not describe conduct that would constitute sexual harassment as defined above, or conduct which did not occur in the University’s educational programs/activities or against a person in the United States, then the University will dismiss the formal complaint and close its proceedings under this policy. When a formal complaint is dismissed, but the conduct described might constitute a violation of other University codes of conduct, rules or policies, faculty or employee duties, then the Title IX Coordinator will refer the complaint to the appropriate process for resolution of those issues depending on whether the respondent is a student, faculty member or staff employee.

c) Removal from Campus or Restriction of Respondent Pending Final Resolution.

The Title IX Coordinator acting in concert with appropriate personnel shall determine whether there is an immediate threat to the physical health or safety of any students or other individuals arising from the conduct or circumstances of the complaint which would justify immediate removal or exclusion of the respondent from campus, portions thereof or certain activities. This assessment may occur as part of the preliminary review or at later points in the process as circumstances warrant. If such a removal or limitation is imposed, then the respondent shall be notified of the process for appealing the removal/restriction. That process is described below in the section on appeals. Removal or restriction will only be imposed when there is an immediate threat to physical safety.

d) Informal Resolution

In cases in which the Title IX Coordinator determines that a mediated resolution between the parties is both feasible and could adequately insure all parties’ equal access to the University’s educational programs/activities, the Title IX Coordinator may invite the parties to participate in a mediated informal resolution process as an alternative to the investigation and hearing. Informal mediation shall occur only if both parties agree to the process in writing after being informed of the allegations of the formal complaint. If a resolution is reached through the informal process, it will be documented. Each party will be expected to abide by any agreed provisions and failure to do so may in appropriate circumstances be considered a violation of the University’s code of conduct/policies or rules. At any time prior to reaching a resolution, either party may unilaterally withdraw from informal resolution and require that the investigation and hearing process proceed.

INVESTIGATION

Investigations will be conducted by a University official with appropriate training in conducting sexual harassment investigations and University policies relating thereto. Investigators may include, the Title IX Coordinator, Deputy Title IX Coordinators, student conduct officers, designated faculty member and designated human resources personnel, who may be assisted by LUPD personnel. The purpose of the investigation is to develop all of the information relevant to a decision as to whether sexual harassment as defined above occurred including any information that has a tendency to make it more or less likely that sexual harassment in fact occurred.

Upon commencement of the investigation, the University will give written notice of the investigation to the Complainant and any individual identified as a respondent. The notice will provide the identity of the parties involved, a description of the conduct alleged to constitute sexual harassment as defined above, and the date, time and location at/on which the conduct occurred to the extent known. To the extent the investigation reveals additional possible instances of sexual harassment, an updated notice shall be sent to the parties.

During the investigation, Complainant and Respondent(s):

- may each have an advisor of their respective choosing, who is not required to be a member of the University community and who may be an attorney. Advisors will be required to sign an agreement regarding confidentiality and behavior (for more information see separate section on advisors); are expected to be honest and forthright in response to any questions asked during the course of the investigation;
- may present evidence relevant to the determination that they have gathered, including either statements from witnesses or the identification of witnesses believed to have relevant knowledge;
- will be given written advance notice of the time, place and location of any hearing, interview or other meeting to which they are invited or expected to attend;
- will be provided equal access to inspect and review the evidence gathered in the investigation with an opportunity of no less than 10 calendar days to comment thereon prior to the close of the investigation;
- will be provided with a copy of the investigation report at least 10 days prior to any hearing on the formal complaint, so that they may review and file a written response if they so choose;
- are not required to waive any information that is privileged against disclosure by law.

Prior to the convening of the hearing on the formal complaint, the University may dismiss the formal complaint and cease the investigation if: i) each complainant to the formal complaint provides written notice of their desire to withdraw the formal complaint to the Title IX Coordinator; ii) the respondent(a) has/have ended their affiliation with the University and further proceedings are deemed unwarranted; iii) specific circumstances prevent the gathering of sufficient evidence to reach a reliable determination.

Upon dismissal for any of these reasons, notice of the dismissal shall be provided to all parties. Any information disclosed to a complainant or respondent, or their respective advisor, is to be treated as confidential and used exclusively for the purpose of participating in the investigation, hearing, and/or appeal regarding the formal complaint. Inappropriate disclosure or misuse of the information disclosed, particularly if used in an attempt to embarrass, intimidate or retaliate against a party or witness is a serious violation of the University's policies which will lead to appropriate sanctions against the offending party.

HEARINGS

A respondent is entitled to a live hearing to determine whether their conduct constitutes sexual harassment as defined herein. Throughout the hearing and investigation process, a respondent is presumed not to have committed sexual harassment unless and until a violation is demonstrated by a preponderance of the evidence to the satisfaction of the relevant decision maker. The purpose of the hearing under this policy is to determine whether sexual harassment as defined above occurred and whether the respondent committed the acts constituting the sexual harassment.

The process for the hearing shall be as follows:

One or more decision makers shall be designated as Hearing Officer(s). A decision maker may not be the same person who served as the investigator of the formal complaint. If there is more than one decision maker designated than one of the decision makers shall be designated as the lead Hearing officer, or the decision- makers may elect to appoint a non-voting Lead Hearing Officer for the purpose facilitating the conduct of the hearing including, ruling on the relevance of questions and procedural matters.

All parties shall be given written notice of the date time and place of the hearing at least ten days prior thereto. Requests for postponement or continuance of the date must be in writing and addressed to the Lead Hearing officer. Such requests must be made as soon as the reasons for the postponement are known to the party requesting it and should be supported by a statement of such reasons. Any postponement or continuance is at the discretion of the Lead Hearing Officer.

The hearing shall normally take place with all parties and witnesses physically present, but at the discretion of the Lead Hearing Officer, parties or witnesses may be allowed to appear via technology enabling all participants to simultaneously see and hear each other. Either party may request that the hearing proceed with the parties in separate rooms with technology enabling the Hearing Officers, and parties to simultaneously see and hear the party or the witness answer questions.

The investigator, or their designee, will serve as the Presenting Officer to present evidence and witnesses to the Hearing Officers.

At least five days prior to the hearing, the parties either personally or through their advisors shall meet with the Presenting Officer to determine if the parties can agree as to any of the facts relevant to the determination of the matter and prepare an appropriate statement of those agreed facts. This process is to help determine the scope of what is relevant to the hearing. The meeting may take place in person, via teleconference or other technology. Any statement of facts agreed to by the parties shall be presented to the Hearing Officer(s) and maybe relied upon in reaching a decision without further presentation of evidence as to the specific fact. Agreement to a fact shall not prohibit a party from presenting further evidence to provide context or explanation of the fact agreed to.

Each party is entitled to have an advisor present at the hearing for purposes of advising the party regarding the proceedings and for the purpose of asking questions of the parties or witnesses presented at the hearing. Advisors may not testify as witnesses in the hearing and may not provide statements to the Hearing Officers in the form of evidentiary submissions, opening/closing statements or the like, and are not to speak for their advisee in response to questions from the Hearing Officers. An advisor may make objections to the relevance of questions posed by another participant but such objections shall be stated succinctly and without explanation unless requested by the Lead Hearing officer.

During the hearing each party shall have an equal opportunity to present live witnesses or other evidence in addition to any witnesses or evidence presented by the Presenting Officer.

Witnesses, including each of the parties, may testify by adopting a prior statement given to the investigator, LUPD or other investigating entity, and affirming the accuracy of the prior statement as written by them or described in the investigator's report or other materials. No prior statements made outside the hearing will be considered by the decision makers unless the party or witness who gave the statement appears at the hearing and answers questions from the Hearing Officers, the parties' respective advisors and the Presenting Officer to the extent that those persons have questions of the witness.

Questioning of the parties or witnesses shall be conducted only by the Hearing Officer(s), the Presenting Officer, or the advisor to one of the parties. The parties themselves shall not question each other or witnesses directly. All questioning shall be limited to areas that are relevant to the issue to be decided by the Hearing Officer(s) and shall be conducted in a respectful and appropriate manner. In the event that a complainant or respondent (or their respective advisor) fails to appear at the hearing, the Hearing Officer(s) may appoint an advisor to ask questions of parties or witnesses at the hearing on behalf of the absent party.

Before a party or witness is required to answer a question, the Lead Hearing Officer will determine if an answer to the question will provide information relevant to the decision to be made, and explain any decision to exclude a question. Relevant information is any information that if believed would make it more or less likely that the sexual harassment alleged in the formal complaint in fact occurred and/or that a respondent(s) was the person who engaged in the harassing conduct. Generally, prior sexual history of the complainant is not relevant to the determination, unless the complainant and the respondent were involved in an on-going consensual relationship and evidence concerning the prior sexual history between them is relevant to a disputed issue of whether consent was given on a particular occasion, or to prove that someone other than the respondent committed the conduct in question.

An audio recording of the hearing shall be made and maintained together with other records pertaining to the hearing and investigation.

DETERMINATIONS AFTER HEARING

After the evidence has been presented the Hearing Officer(s) shall promptly issue a written decision as to the whether the respondent did or did not commit sexual harassment as defined above. In addition, the Hearing Officer(s) may decide any other questions of conduct, policy or rule violations that are related to the alleged harassment. The decision shall be in writing and simultaneously sent to each party. The decision shall include:

- A statement of the conduct alleged to have been sexual harassment
- A description of the procedural steps taken from the receipt of the formal complaint through the making of the determination
- A statement of the factual findings made by the Hearing Officer(s) that support the decision
- A statement of how the code of conduct and/or sexual harassment policy apply to the facts as found
- A statement of the rationale for the result as to each allegation.

If the Hearing Officer(s) are also the university officials with the authority to determine sanctions to be imposed on a respondent found to be responsible, then a statement of the sanctions to be imposed. If authority to impose sanctions on the particular respondent rests in a different official or body, the Hearing Officer(s) may, but are not required to, make a recommendation of appropriate sanctions to the appropriate university official or body.

-A statement of the applicable process for either party to file an appeal and the permissible grounds for an appeal.

The decision of the hearing officers will become final either upon the expiration of the time for appeal with no appeal being filed, or upon the determination of any appeal which is filed.

APPEALS

Appeals of determinations of responsibility

Either party to a hearing may appeal the decision of the Hearing Officer(s) as to responsibility for a violation or a decision by the Title IX coordinator to dismiss a formal complaint upon the following grounds:

- A procedural irregularity materially affected the outcome
- The party has new evidence which was not reasonably available at the time the determination or dismissal occurred, and the new information could affect the outcome of the matter; or
- The Title IX Coordinator, investigator(s) or Hearing Officers had a conflict of interest or a bias specific to the party or to a class to which the party belongs and that the bias affected the outcome of the proceedings.

In matters involving a student respondent for conduct that occurred in his role as a student, appeals shall be filed with the Vice President for Student Life no later than 3 working days after the determination is sent to the parties.

In matters involving a Respondent who is a faculty member, Appeal shall be in accordance with Article XVI of the University Faculty By-laws. In matters involving an employee respondent(s), the appeal shall be filed within 3 working days of the Hearing Officer's decision, and shall be filed with the Office of the Provost to be decided by the Provost or the Provost's designee.

Appeals of decisions to impose interim restrictions

Appeals from a decision to remove a student or faculty respondent from campus or otherwise restrict such a respondent's access to campus or the University's educational programs/activities pending a final determination shall be made to the Vice President for Student Life or the Provost in the case of a faculty member. The appeal shall be made promptly after notice to the respondent of the interim measure or promptly after a change in circumstances that the respondent believes warrants reconsideration of the interim measure. The appeal must be in writing and state the basis upon which the student or faculty member disputes the appropriateness of the interim measure taken. Decisions of the Vice President for Student Life or Provost, or designee, is final.

Appeals to a decision regarding a non-faculty employee shall be made to the Office of the Provost. The appeal shall be made promptly after notice to the respondent of the interim measure or promptly after a change in circumstances that the respondent believes warrants reconsideration of the interim measure. The appeal must be in writing and state the basis upon which the student or faculty member disputes the appropriateness of the interim measure taken. Decisions of the Provost or the Provost's designee, is final.

ADVISORS

Complainants and respondents to any formal complaint may have an advisor of their choosing present with them at any interview, meeting or hearing conducted under this process. The advisor may, but is not required to be a member of the University community, and may but is not required to be an attorney. If a party has not designated an advisor at the time of the hearing, the University will appoint

an advisor of its choosing for purposes of the hearing. The duties of an advisor so appointed shall be limited to asking questions of the other party or witnesses on behalf of the party during the hearing.

Advisors are required to behave consistently with University policies, rules, regulations and codes of conduct applicable to them. Advisors from outside the University community will be required to sign an agreement to abide by the University's policies prohibiting harassment, discrimination, and disorderly or disruptive conduct while on campus. In addition, advisors who are not university officials subject to FERPA directly, shall be required to sign an agreement to maintain the confidentiality of any information or evidence shared with them pursuant to this policy, and to use any such information solely for the purpose of advising their Complainant or Respondent advisee as to the investigation and hearing, and no other purpose.

Advisors, whether community members or not, may be subject to sanctions imposed by the Hearing Officer for misconduct that occurs in the course of an investigation or hearing.

POTENTIAL BIAS AND RECUSAL

All university personnel acting as the Title IX Coordinator, an investigator, a Hearing Officer or Appellate reviewer are expected to be free from conflicts of interest or bias. If any of the above mentioned are aware of a conflict of interest or the existence of a bias that could affect the outcome of the investigation, hearing or appeal, they must either recuse themselves or disclose the conflict/bias to the parties. Only if both parties agree to waive the disclosed conflict/potential bias shall the person so affected continue to fulfill their role in the investigation or hearing.

If a party to a formal complaint believes that any of the investigators or decision makers involved in the investigation or hearing of the formal complaint has a conflict of interest or a bias that could materially affect the outcome of the process, the party may request the person so affected to recuse themselves from the proceedings. If the person believed to have a conflict or bias declines to recuse themselves, then the party may file a written request to disqualify the person with the Title IX Coordinator to determine whether a conflict or bias exists. The request to recuse or disqualify must be supported by specific explanation and evidence supporting the belief that a conflict or bias exists. (If the request to disqualify pertains to the Title IX Coordinator, then the request shall be made to the Office of the Vice President for Student Life).

Interim Supportive Measures

At any time prior to the final resolution of a report, the University may implement, either at the request of the alleged victim or on its own initiative, interim measures that are designed to promote a healthy and safe environment while the resolution process is continuing. Examples of these measures include:

- Changes in academic, living, dining, transportation and working situations
- A campus No Contact Order
- Honoring on campus an order of protection issued by a civil or criminal court
- Accommodations to ameliorate the effect of the alleged harassment on the alleged victim's participation in the University's educational programs.
- Supportive measures which would unreasonably restrict another community member's participation in the University's educational programs (e.g. expulsion, exclusion from a program or campus) can normally be imposed only after a hearing and finding of responsibility or if a direct threat to physical safety exists.

Retaliation and Interference in the Reporting and Resolution Process

Lewis University strictly prohibits any retaliation against anyone who in good faith reports, assists in reporting, or participates in the investigation and/or resolution of an alleged violation of the sexual misconduct policy.

Retaliation includes, but is not limited to: intimidation, threats, harassment, or other adverse action. Lewis University also prohibits efforts to interfere in the process by intimidating, bribing or otherwise attempting to unfairly influence persons who to withdraw reports or complaints or to withhold or alter any information relevant to the resolution of any alleged violation of this policy. Reports of retaliation or interference will be addressed in the student conduct process and may result in sanctions up to and including disciplinary suspension or expulsion from the University.

Immunity for Alleged Victims

Although the University does not condone violations of University policies, it considers reporting and proper resolution of sexual assaults to be of paramount importance. Therefore, in cases involving sexual misconduct, the University will extend limited immunity to community members who report, participate in the investigation or resolution of complaints or who provide assistance to victims of sexual misconduct. for violations of other University policies (for example underage drinking) in order to foster reporting and fair adjudication of sexual misconduct. This immunity will not extend to egregious violations or those that threatened community health and safety.

The Student Wellness Center staff will keep all information regarding alcohol and other drug use, misuse, or abuse confidential except in cases where it has been determined that there exists a serious potential and/or immediate threat to self and/or to others.

Alcohol Policy

Basic Guidelines

Students who are 21 years of age or older are permitted to possess and consume alcohol in designated residence hall rooms. Students who are of legal drinking age may not share or provide alcohol to any students or guests who are under 21 years of age. Those under the minimum legal drinking age of 21 years are not permitted to possess or consume alcohol anywhere on University property or at University-sponsored activities.

To encourage moderation for students of legal age, a maximum of two cases of beer or one liter of wine or liquor are allowed in a room at any one time. Amounts in excess of these limits will be confiscated by an appropriate University official. Large capacity containers such as: kegs, party balls, punch bowls, wine boxes, etc. are prohibited. Such devices are subject to confiscation. Showing impairment as a result of alcohol use on campus or at any University sponsored event is prohibited.

Regardless of age, no one may consume or carry open alcohol anywhere on campus including residence hall common areas. Alcohol being transported on campus must be concealed from view and packaged in a manufacturer sealed container.

In the Residence Halls

Students 21 years of age and older may possess and consume alcohol within their private residence hall rooms with the door closed. Consuming alcohol in the presence of minors is not permitted in the residence halls. The only exception to this policy is when a person of legal age is a roommate to a minor. No guests may be present in this case.

Alcohol-free living environments have been established for first year students. No student, regardless of age, may possess alcohol at any time in alcohol free residence halls.

The construction of bars and display of alcohol containers whether empty or full is not allowed.

The student conduct process seeks to provide a fair, speedy and deliberate and non-prejudiced adjudication. The goal is to provide education and better decision making on the part of the student. University alcohol policy violations and potential sanctions for violations of the policy are listed below. Falsifying, defacing, or altering University or government issued identification for the purposes of purchasing or receiving alcohol is prohibited and could result in both criminal charges and University conduct action.

Driving Under the Influence:

The Lewis University Police Department has the authority to enforce state and local traffic laws including statutes prohibiting driving while under the influence of alcohol or drugs. Students violating these statutes could be subject to arrest and prosecution. Additionally, students will face University conduct action. A student under the legal minimum drinking age found to have any detectable amount of alcohol

in his/her system could be subject to penalties under Illinois statutes including driver's license suspension.

Illegal Drug Policy

The use, possession, sale, transfer, or manufacture of any illegal drug or paraphernalia commonly associated with illegal drugs is prohibited. Illegal drugs include: illegal controlled substances, and legal controlled substances which are unlawfully possessed or distributed (such as prescription medications). Also prohibited is the misuse of over-counter medications and use of household products as intoxicants.

Recognizing the need to address violations related to the use or possession of illegal drugs, the University is also committed to the education and well-being of all our students in this regard. In partnership with students, departments including the Student Wellness Center, Student Life, University Police, University Ministry and Residence Life work together to provide various alcohol and drug prevention education and awareness activities and initiatives.

Immunity for Students Seeking Assistance during Emergencies

The health, safety, and welfare of our students and community are paramount. As such, all Lewis students are expected to alert appropriate officials in the event of any health or safety emergency — specifically including those involving the abuse of alcohol or drugs — even if violations of the Student Behavioral Standards may have occurred in connection with such an emergency.

Because the University understands that fear of possible disciplinary actions may deter certain requests for emergency assistance, the University has adopted the following policy to alleviate such concerns and promote responsible action on the part of students.

In a situation involving imminent threat or danger to the health or safety of any individual(s), students are generally expected (1) to contact emergency officials by calling University Police at extension 5911 or (815) 836-5911 to report the incident, (2) to remain with the individual(s) needing emergency

treatment and cooperate with emergency officials, so long as it is safe to do so, and (3) to meet with appropriate University officials after the incident and cooperate with any University investigation.

If students follow this procedure, no formal University conduct actions or sanctions will be imposed for alcohol or drug infractions. The incident will be documented, and educational, community, and health interventions — as well as contact with a student's parents or family — may be required as a condition of deferring disciplinary actions or sanctions. The protocol does not protect repeated, flagrant, or serious violations of Student Behavioral Standards (including physical or sexual assault, violence, hazing, harassment, theft, or vandalism or instances where multiple individuals need medical attention), nor does it preclude or prevent action by police or other legal authorities.

Failure of students to take responsible actions in an emergency situation where action is clearly warranted, however, may void all protections under this provision and may lead to further conduct action when such failure to act otherwise constitutes a violation of University Behavioral Standards.

Immunity for Students Seeking Substance Abuse Assistance

The University encourages students who believe they have a substance problem to seek assistance. If a student brings his or her own use, addiction or dependency to the attention of University officials outside of the threat of drug tests or imposition of conduct action and seeks assistance, conduct action will not be pursued.

A written action plan may be used to track cooperation with any recommended treatment, evaluation or follow-up for students involved in such incidents. Failure to follow the action plan may nullify the protection from conduct action.

Alcohol and Other Drug Education and Programming

Team-based Brief Motivational Interviewing & Alcohol Education Program

This program provided by the Student Wellness Center delivers alcohol education, social norms awareness, expectancy information, and harm reduction information that empowers athletes to reflect upon and create their team culture. Anonymous text-to-poll technology is used to facilitate awareness and dialogue regarding team alcohol use and impact on success.

Peer Minister Training

During fall semester, Counseling Services provides annual peer minister training that educates student peer ministers about student issues, response, intervention, and referral skills. Among topics discussed is alcohol and other drug use.

BASICS/CASICS

Brief Alcohol Screening and Intervention for College Students (BASICS) and Cannabis Screening and Interventions for College Students (CASICS) are two-session alcohol or marijuana assessments and education programs allowing Lewis students to explore their drinking/smoking behaviors and reflect on ways to reduce risky behaviors and harmful consequences of alcohol and marijuana misuse. Sessions are

available for students to participate in voluntarily. BASICS or CASICS are also utilized as an educational tool for students who have violated the alcohol and other drug policy and subsequently mandated by conduct action to complete the sessions and follow recommendations by provided by the facilitator.

e-CHECKUP TO GO for Alcohol and Marijuana

Alcohol e-CHECKUP TO GO and Marijuana e-CHECKUP TO GO are free interactive surveys that provide personalized feedback about a person's alcohol or marijuana use patterns. The survey is integrated into the BASICS and CASICS sessions, providing students with immediate and comprehensive feedback regarding use patterns. Beginning with the freshmen class entering Fall of 2014, e-CHECK UP TO GO for Alcohol was encouraged for incoming students to complete and providing LU with critical information regarding patterns of use to reference for program development.

Clery Act Crimes and Reportable Locations (Definitions)

Definitions of Clery Act Reportable Crimes

Provided crime data tables reflect the mandatory reporting offenses as specified in the Jeanne Clery Act (Act). The tables display crime data over the past three calendar years and are separated by Act defined locations (see Locations section below). *Additionally, Lewis University reports statistics on theft at the Romeoville campus, though not statutorily required. The most common crime reported on campus is theft of unsecured property. In an effort to reduce the occurrence of theft and to raise community awareness, Lewis University voluntarily includes theft data in this report.* As required by the Act, the data reported on liquor laws, drug laws, and weapons offenses represent the number of PEOPLE arrested or referred to campus conduct authorities for respective violations, NOT the number of incidents documented.

Hierarchy Rule for Multiple Offenses - When counting multiple Clery Act reportable offenses, the FBI's UCR Hierarchy Rule is applied. This rule requires that only the most serious offense be counted when more than one offense was committed during a single incident. The hierarchy rule does not apply to incidents involving Arson, Domestic Violence, Dating Violence, Stalking and any incidents involving Hate Crimes. These crimes are always counted in addition to, and regardless of the nature of, any other Clery reportable offenses that were committed during the same incident.
