WILLIAM SHAKE
NURSING

William Shake always wanted to be a doctor. Bill said, “While in pre-med, I saw the work of nurses as face-to-face, hands-on healthcare, and that is when I knew what I wanted to do. Lewis gives me the sense of community I was looking for.”

LAURA ZUKOSKI
COMPUTER SCIENCE

“What makes me excited is being able to work on something and then see it come to life on the screen, and all that comes together with computer science. There's so much that you can do with this degree that it's invaluable. Everything that you learn here just has all this real-world application and being a part of it is something that's really great.”
ONE OF THE DISTINCT ADVANTAGES OF A LEWIS UNIVERSITY EDUCATION IS THE COMBINATION OF A CAREER-FOCUSED MAJOR WITH A LIBERAL ARTS EDUCATION.

What does that mean for you? A major that will give you the knowledge to succeed in the career of your choice and the foundation to communicate with others, to problem solve, and to apply theoretical knowledge to everyday issues in the workplace and in your community. Our innovative “Flyers Get Hired” program connects you with internships and jobs from employers excited to hire Lewis students.

YOU’LL GAIN THE CONFIDENCE AND SKILLS YOU NEED TO SUCCEED WHILE AT LEWIS.
FLYERS GET HIRED

Our Flyer Get Hired program will work with you to develop your “professional self.” With 44,000+ alumni, you will have great networking connections.

DID YOU KNOW?

300+ employers recruit students and alumni annually
1.5+ million pilots & mechanics needed by the year 2035
97% placement rate among recent graduates
STEM graduates command the highest starting salaries
40+ police chiefs nationally are Lewis alumni
44,000+ graduates are included in Lewis’ Alumni Network

OUR ANNUAL CAREER EXPO brings more than 100 employers to campus each spring to interview students. Direct access to internships and jobs throughout the Chicago area will give you a competitive edge.

PATRICK PAVELCHIK

AVIATION FLIGHT

“Lewis fulfills my passion for aviation by surrounding me in it. With an airport on campus, I can walk out of class and right to the tarmac for flight lessons. Lewis has a great Aviation program with instructors who are very involved and supportive. What I learn here will make me a safe and knowledgeable pilot when I transition to the airlines.”

ZANETTA QUAGRAINIE

NURSING

“The nursing program is helping me become an exceptional nurse by providing me with so many tools and resources to be successful. I feel like through our clinical experiences and our simulations we truly get that experience of what it’s like to be a nurse.”
Lewis students recognize that we have a responsibility to the earth, to our communities, to people in need, and to each other. **We help build a better world by our active participation and in doing so also learn and grow personally.**

- **Big Brothers Big Sisters** – for more than 15 years, we have partnered to mentor at-risk children in grades 1-5.
- **Bolivia Mission Trip** – Sucre, Bolivia is an annual experience which is part of the larger Joliet Diocesan University Mission trip. Service includes education and medical help to orphanages, daycare centers and hospitals.
- **Habitat for Humanity** – students, faculty and staff help build homes.
- **Catholic Charities’ Head Start Program** – University Ministry and several nursing students and faculty put together a health education program for Spanish-speaking families in the region.

The connections you make in your years at Lewis are important. They may lead to lifelong friendships, career opportunities, or even a move to a new country upon graduation. You’ll experience a lot during your years here, and it’s important for you to find a school that fits with who you are. We’re committed to helping you forge relationships that will make you successful. Ninety percent of our students get hired in a job that uses their degree, or go on to graduate school. Our Office of Career Services offers ongoing seminars and recruitment activities designed to build your portfolio.
WHERE CAN LEWIS TAKE YOU?

DEBORAH OLIVIA (BROWN) FARMER '95
BROWN FARMER MEDIA GROUP
After a decade-long career in broadcasting, Deborah Olivia (Brown) Farmer '95 realized she had the potential to make a real difference and started her own communications firm. "My time at Lewis was life changing. It shaped me to have a voice and taught me what I needed to be a successful business owner. My advice to students is to think creatively. Go out there and do what you want!"

GRETCEN CHAVEZ '09
CHICAGO POLICE OFFICER AND A REAL ESTATE LAWYER
For the past 16 years, Gretchen has served as a Chicago Police Officer assigned to the Marine Unit, specializing in rescue diving. Gretchen attributes her success to her time at Lewis, which allowed her to understand the balance between work, school, and family. It also helped her become more well-rounded in law enforcement and helped her realize she wanted to further her career in law and become a lawyer.

HAROLD EBENROTH '95
CEO AND PRESIDENT OF AIRSERVICE BREMGARTEN
Harold served as a flight instructor intern during his senior year at Lewis. He then worked as a full-time flight instructor to pay it forward and teach the next generation of Flyers. In 2009, the flight department he worked for closed and the aircraft he was flying was sold to an organization based out of Germany. He was hired on and is now CEO and President. “Lewis provided many opportunities to develop my skills and education which helped mold and shape me as a professional throughout my career.”

Alumni Spotlight

KAY CANNON
THEATRE (BA), EDUCATION (MA)
Writer, Actress, Director, Producer - Cinderella, Pitch Perfect film series, 30 Rock, New Girl
Kay comes from a large family. She chose Lewis for several reasons: she received a 4-year track scholarship to attend Lewis (as a sprinter); she was able to walk-on the women’s volleyball team; and the theatre played a large part of her Lewis experience. She auditioned for plays that would work around her track schedule. She remembers her mom driving her to the Drake Relays after her play performance, and then driving her back the same weekend for another performance.
Kay believes that the practical nature of her experience at Lewis has helped in her current career. She thinks of how professional the theatre was at Lewis. It was very hands-on with people painting sets as well as acting – students were involved in the whole production. The practical experience helped her with getting into the theatre in Chicago.
Kay made lifelong friends at Lewis – friendships that continue even now that she's in L.A. She says that Lewis provided her with a great network of caring, wonderful people.

FROM CHICAGOLAND

LEWIS BENEFITS FROM THE BEST OF BOTH WORLDS.

A picturesque suburban campus on more than 400 acres, with all the amenities and conveniences at your fingertips, as well as direct access to the surrounding communities and the world-class city of Chicago. Unlike more “rural” colleges, there is no shortage of social, cultural or career opportunities for you to take full advantage of.
NATIONALLY RECOGNIZED

YOU WILL EARN A DEGREE THAT IS HIGHLY VALUED AND RECOGNIZED EXTERNALLY AS COMING FROM AN INSTITUTION OF QUALITY AND DISTINCTION.

Lewis is proud to have been recognized by the following organizations for excellence, affordability and alumni success.

STRONG PROFESSIONAL PROGRAMS.
Lewis has been nationally recognized for offering strong professional programs including aviation, nursing, computer science, criminal justice, education, STEM majors and the business professions.
A VALUABLE DEGREE

THROUGH A STRONG COMBINATION OF FINANCIAL AID AND SCHOLARSHIPS, WE ARE COMMITTED TO MAKING LEWIS AFFORDABLE FOR EVERY DESERVING STUDENT.

It's part of our Lasallian tradition to remain affordable, and therefore accessible, to a diverse student population.

Many students cover the costs of their Lewis University education with scholarships, grants, loans, savings and student employment. All students admitted to Lewis University are considered for financial assistance, but families must complete and file the Free Application for Federal Student Aid (FAFSA) in order to be considered. Lewis’ federal code is 001707.

98% OF LEWIS STUDENTS RECEIVE SOME FORM OF FINANCIAL ASSISTANCE.
ATTENDING COLLEGE IS AN INVESTMENT OF TIME AND MONEY.

Lewis is ranked fifth overall by Great Value Colleges among private schools in the Midwest in terms of being judged a good value and outstanding in its “return on investment” for students.

Lewis University was recently ranked in the Top 20 of Catholic Colleges nationwide with high starting salaries for graduates.

LEAD THE WAY

Students who begin at Catholic institutions tend to stay enrolled and reap the benefits of more rapid degree completion than students in public universities. You’ll graduate on time and begin your career earlier.

FEDERAL YELLOW RIBBON PROGRAM

Lewis belongs to the Federal Yellow Ribbon Program for veterans. Qualified veterans will be eligible for significant tuition benefits.

KEN NAKANISHI

AVIATION FLIGHT AND ROTC

Ken Nakanishi is positioning himself to obtain a spot as a military pilot, a very selective position as only 3% of the USAF serves as a pilot. Once he graduates, he will go on to additional pilot training in the Air Force. He plans to become a commercial pilot for a major airline. He knows that his training in ROTC is preparing him with the same leadership skills he will need to be successful in any phase of life: group dynamics, professional relationships, and organizational structures.

Ken feels that his flight program at Lewis has driven him to have more self-initiative. The faculty complements the effort that the student puts in, so if he spends extra time studying and practicing, he knows that he will get the extra faculty support as well. There is a lot of motivation to achieve success.

TEST OPTIONAL ADMISSION POLICY

Lewis has adopted a test-optional admission policy for incoming freshmen. The test-optional policy allows high school students to choose whether or not to submit standardized test scores as part of their application for nearly all Lewis programs. Test-optional applicants will not be penalized in the admission and scholarship review process.

Lewis University recognizes that test scores often do not portray the full ability and potential for college success. In lieu of ACT or SAT test scores, test-optional applicants are strongly encouraged to submit a personal statement or graded school assignment as part of their application documents. Lewis admissions utilizes a holistic process to review other indicators that reflect the personal and academic preparation of the applicant. Most importantly we consider cumulative and core grade point average, high school course selection, annual and subject grade trends, personal achievements, and community involvement.
