

INTERNSHIPS FOR ACADEMIC CREDIT

Why should I do an internship for credit?

- Internship credit might fulfill a course credit requirement for your degree
- Internship credit is recorded on your transcript and may be helpful if you apply to graduate school
- An internship faculty advisor is available to you for guidance

What are the academic options?

- Only the academic area or college can award credit for internships. It is best to begin with your academic advisor to learn about whether your program (major) offers internship credit and what the eligibility requirements to register for credit. Some program areas will assist with your search for an appropriate work site and some will refer you to Career Services for assistance. Below are links to some of the academic program areas offering internship credit:

College	Major	Contact	Link
Business, Management, & Leadership	All Majors	Robert Bergman	http://www.lewisu.edu/academics/cob/internships.htm
