

Health Insurance for International Students

We are pleased to offer our students health insurance coverage through First Agency, Inc. Here you will find the insurance price and the Coverage date. If you are either an F-1 or J-1 student, you will automatically be enrolled in the Health Insurance Plan at the time you register for classes. The charge for this coverage will be added to your tuition bill.

Note: If you have already purchased a different insurance, please turn in your waiver within two weeks after the semester starts. Otherwise, you will still automatically be charged the insurance.

How much do they charge?

The price of insurance is all the same for all ages. Please see the chart below. Note: The price below is **per month**. (Note: Extra \$10 charged as a fee.)

| Insurance Plan Price 2018-2019 | | | | |
|---------------------------------------|---------------------------------------|--------------------------------------|--|--|
| | With Physicals and Immunization | Total for Fall 2018 (5 months) | Total for Spring 2019 (7 months) | Total for Year 2018-2019 (12 months) |
| All ages | \$128 / month | \$640 | \$896 | \$1,536 |
| Dependent(Spouse) | \$656 / month | \$3,280 | \$4,592 | \$7,872 |
| Dependent (Each Child) | \$524 / month | \$2,620 | \$3,668 | \$6,288 |

How long is my coverage?

You have three choices. Please see the chart below. Automatically, you will be in the term that you are studying. For example: If you are studying in Fall 2018, you will be in the term of Fall 2018.

| Insurance Plan Term 2018-2019 | | |
|--------------------------------------|-----------------------|-----------|
| Term | Coverage Date | Length |
| Annual | 8/1/2018 – 7/31/2019 | 12 months |
| Fall 2018 | 8/1/2018 – 12/31/2018 | 5 months |
| Spring 2019 | 1/1/2019 – 7/31/2019 | 7 months |

How much is my insurance plan?

Once you know the price and term, you can simply do the multiplication.

For example: If you would like to purchase the insurance for the Fall 2018 for your family (a spouse and a child), insurance for you is \$640 (\$128/month times 5 months), for your spouse is \$3,280 (\$656/month times 5 months), and for your child is \$2,620 (\$524/month times 5 months). Therefore, your total charge will be \$6,540 for your whole family.
