

Mandatory International Student and Scholar Insurance Plan

Academic Year 2021-2022

Welcome to the Lewis University Family! The Office of International Students and Global Scholars is available to assist you as your advocate during the length of your studies.

As part of this relationship with you as a full-time international student or scholar, we facilitate the mandatory health insurance program provided to you through LowerMark. Students who are sponsored by an employer in the U.S (CPT/OPT) or a government agency (SACM/ Fulbright) will be considered for a waiver from the plan.

This plan provides the International Student Support Program which is designed to help you face the challenges of balancing school, adjusting to a new culture and adapting to other responsibilities.

As a part of the circle of care provided by your Lewis Community, you will have access to the university Health and Counseling Center on campus as well as LowerMark's TELEDOC service. One of the many services provided under the program, Teledoc provides you with unique 24/7/365 access to U.S. board-certified doctors by phone, the web or phone app in minutes.

For the academic year beginning August 1st, this mandatory fee is \$154.11 per month and is charged to your account at the beginning of each semester.

Good luck as you begin your new journey at Lewis!

Michael Fekete
